PREMIUM DJ HEADPHONES

AKG[®]
by HARMAN

TURN PRO.

One of two new additions to our DJ line, the AKG® K618 DJ headphones boast a high SPL capability for powerful sound. They deliver the clarity and performance – even at low listening levels – that has made the AKG brand the one that audio professionals choose again and again. With the unique 3D-Axis design, folding the headphones for travel or storage is both safe and simple. Whether you're an audio professional, or you just think like one, these are the headphones for you.
